Port of Transit: Halifax NS

Port of Arrival: Chicago

Close For Documents: Thursday 1200 hrs

Sailing: Monday/Tuesday

Transit: Quay to Quay 14 Days

TRANS-ATLANTIC CONSOLIDATION SERVICE

Benefits:

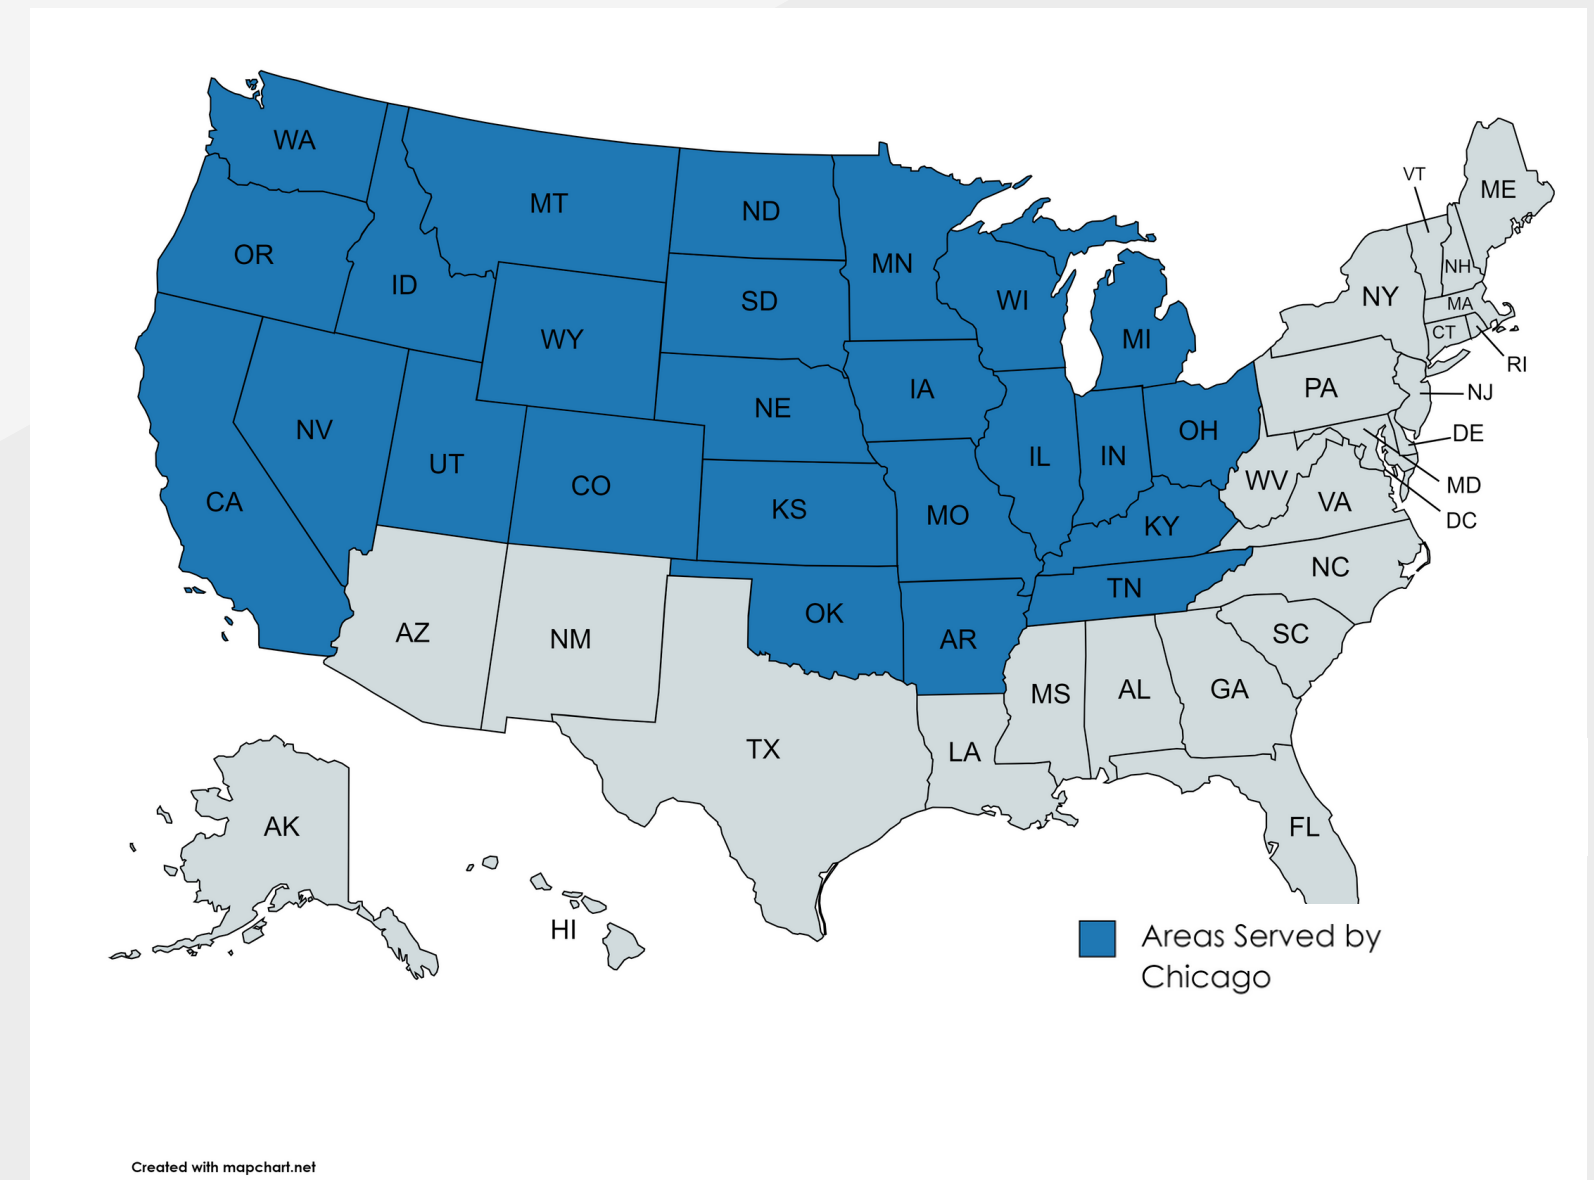

- Late cut-off: Latest Friday morning North West UK collections to meet weekend sailings from Liverpool port.
- Container arrival at Halifax, NS is less congested compared to the New York port, avoiding port delays.
- Containers transferred to Chicago by rail upon arrival at Halifax.
- The total transit time from the UK port to the Chicago depot is 14 days.
- Our dedicated consolidation containers are loaded and unloaded by our own specialised teams.
- Reduced costs of using strategic gateway ports and rail connection to Chicago.
- Competitive and flexible pricing models based on the volume and weight of each consignment.
- Door to Door tracking and Proof of Delivery available.

WHY CHOOSE CONSOLIDATION

Our Trans-Atlantic consolidation service offers a myriad of benefits to businesses looking to streamline and optimise their shipping process. Consolidating your shipments can reduce transportation costs as you will only be paying for a portion of the space in the container rather than the full container cost.

You benefit from increased reliability with your shipments due to our scheduled departures and arrivals. Our service offers flexibility in terms of shipment size, weight, and delivery options. You will have the option to choose from multiple shipment sizes, making it easier to find a cost-effective solution for your business.

Our consolidation service simplifies the paperwork and documentation process, allowing you to focus on other critical aspects of your business.

With a huge focus on the environmental impact of the shipping and logistics industry, consolidating your shipments reduces the carbon footprint of transportation as fewer trucks and containers are required to transport the same amount of cargo.
